Annual Report of the Board of Selectmen

For the first time in many years an entire new Board of Selectmen took over the duties and responsibilities of carrying out the town's business affairs. On March 8, 1949, the Board organized by choosing Marco A. Balzarini as its chairman. It is hoped that the report submitted herewith meets with the approval of the townspeople.

The Board is happy to report that it established various policies during the year which it feels were for the general good of all. For instance, in the matter of encouraging veterans to purchase town land available at a nominal price for the purpose of building a home for himself and family, some veterans took advantage of this policy and as a result, in several instances, homes are now in the process of being constructed. Such a policy serves many purposes. The primary one is, of course, that it helps to alleviate the housing shortage which still exists in Milford and, at the same time, adds taxable property to the town. The Board believes that this policy should be continued in the future.

This administration has followed the policy of the two previous administrations in that it has supported better street lighting throughout the town. Notable progress has been made along that line. It is hoped that further improvements will be made in the future as it is the firm conviction of the Board that good street lighting is not only good, sound business for the town but, also, affords better protection to persons and property.

In the matter of designating one-way streets, the Board is of the opinion that it has taken a step forward in the right direction. The opposition, voiced at the time Ex-

change Street was designated as such, vanished after a few weeks of trial. It is now agreed by the vast majority that the action taken was right. This Board proposes to take similar steps in the matter of other streets. The Board takes this opportunity to publicly thank the Chief of Police, Chief of the Fire Department, and Investigator William W. O'Brien for their full co-operation.

For the first time in the history of Milford a public Hallowe'en party and parade was held for the youth of Milford under the sponsorship of the Selectmen. The result was hailed by all as being a great innovation. According to police records and reports, no damage was done to anyone's property in any way, shape, or manner. That, of course, was something out of the ordinary in the annals of the Police Department. It is well to remember that children engaged in clean, wholesome fun have no time to deface, damage, and destroy property. When one reads daily of the many crimes being committed by teen-agers, it goes without saying that any endeavor which tends to prevent child delinquency is worth while continuing. Hence, this Board recommends strongly the continuance of such an affair. To the many citizens who contributed so unselfishly toward making the affair the hugh success that it was, a heartfelt "Thank You".

The administration is proud to report that the immediate steps taken by it to create the Housing Authority has paid dividends in the form of the wholesale moving-in of veterans' families just before Christmas. Shortly, similar scenes may be witnessed at the project. Most all of the credit rightfully belongs to the members of the Housing Authority who gave unstintingly of their time and effort to the end that the housing situation in Milford would be relieved. They are deserving of the unqualified praise of all. May the members of the Authority continue their splendid work.

Another accomplishment of which the administration is proud is its active role in bringing about the Stylon

Manufacturing Co. which is located at the old Hopedale Manufacturing Co. plant. Many Milford people are presently employed there and it is more than likely that many more will be employed in the future as it appears that the factory is here to stay.

In conclusion, we would like to say that weekly meetings, with special meetings when required, were held throughout the year. Conferences and consultations were held relative to miscellaneous matters which needed immediate attention.

Respectfully submitted,

MARCO A. BALZARINI, Chairman
VINCENT VOTOLATO

MARCO A. BALZARINI,
 JOHN J. CASEY,
 VINCENT VOTOLATO,

Selectmen of Milford.

DEPARTMENT OF CORPORATION AND TAXATION
DIVISION OF ACCOUNTS

State House, Boston 33, July 27, 1949

To the Board of Selectmen
Mr. Marco A. Balzarini, Chairman
Milford, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Milford for the period from May 23, 1948 to March 10, 1949, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

FRANCIS X. LANG,
Director of Accounts.

Mr. Francis X. Lang
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the town of Milford for the period from May 23, 1948, the date of the previous audit, to March 10, 1949, and report thereon as follows:

The records of financial transactions of the several departments receiving or disbursing money for the town or committing bills for collection were examined, checked, and verified by comparison with the reports and the records of the town accountant.

The accountant's ledger was analyzed, the appropriation accounts being checked to the town meeting records of appropriations voted, and a balance sheet, showing the financial condition of the town on March 10, 1949, was prepared and is appended to this report.

The books and accounts of the town treasurer were examined and checked. The recorded receipts were analyzed and compared with the accountant's ledger and with the records of the departments making payments to the treasurer, while the payments by the treasurer were checked with the selectmen's warrants authorizing the disbursement of town funds.

The payments of maturing debt and interest were verified by comparison with the amounts falling due and with the cancelled securities on file.

The cash book additions were verified, and the treasurer's cash balance on March 10, 1949 was proved by reconciliation of the bank balances with statements furnished by the banks of deposit and by actual count of the cash in the office.

The savings bank books and securities representing the investments of the cemetery, investment, and retirement funds in custody of the town treasurer were examined and listed, the income being proved and the withdrawals being verified.

The tax title deeds on hand were examined and listed, the amount transferred from the 1948 tax levy to the tax title account being verified, and the tax titles as listed being checked at the office of the Registry of Deeds.

The receipts from parking meter fees, as recorded on the treasurer's and the accountant's books, did not lend themselves to audit due to the lack of proper records. It is recommended that arrangements be made by the selectmen for the keeping of detailed cash records showing, with

respect to each meter installed, the meter number, the amount of fees collected at regular intervals, and the date of collection. Provision should also be made for the counting of the fees by the treasurer upon their receipt from the persons making the collections.

The books and accounts of the tax collector were examined and checked in detail. The tax and motor vehicle and trailer excise accounts outstanding according to the previous audit and all subsequent commitment lists were audited and reconciled with the warrants of the assessors committing the accounts for collection. The collector's cash books were footed, the payments to the town treasurer were checked to the treasurer's and the accountant's books, the abatements were compared with the assessors' records of abatements granted, and the outstanding accounts were listed and reconciled with the accountant's ledger accounts.

The outstanding accounts were verified by sending notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received it appears that the accounts, as listed, are correct.

The financial records of the town clerk were examined and checked in detail. The records of licenses granted were compared with the records of licenses issued, and the receipts on account of licenses and permits were checked and proved. The recorded payments to the Division of Fisheries and Game and to the treasurer were verified, and the cash on hand was verified by actual count.

The surety bonds of the officials required by law to furnish them were examined and found to be in proper form.

In addition to the departments mentioned, the books and accounts of the sealer of weights and measures and

of the selectmen, as well as of the police, fire, health, highway, public welfare, veterans' services, school, library, and cemetery departments were examined and checked, the payments to the treasurer being verified.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's and the collector's cash, summaries of the tax, excise, assessment, tax title, and departmental accounts, as well as tables showing the condition and transactions of the trust, investment, and retirement funds.

During the audit cooperation was received from all town officials, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,
Assistant Director of Accounts.

Town Counsel's Report

To the Honorable Board of Selectmen:

During the year 1949, five new claims for personal injuries and one new claim for property damage were made against the town. Of these six claims, two have been settled; one suit was brought and is now pending in the Worcester Superior Court; the remaining three are now in the process of settlement.

As to the old claims which had not been settled at the time I assumed the duties of Town Counsel, one was settled in the Superior Court and the other two are still pending in the same Court. Of the pending claims in Court, it appears that none will be settled.

Two actions were brought by the City of Worcester against the Town of Milford on matters pertaining to the Department of Public Welfare. It is more than likely that both will be settled to the satisfaction of both municipalities.

In the action of Comba vs. The Inhabitants of the Town of Milford in the matter relating to the Public Library which was tried in the Worcester Superior Court, a verdict for the town was directed after the completion of all the evidence. The Plaintiff, however, has taken excep-

tions to the Court's ruling and, as a result, final determination of the case may have to be made by the Supreme Court.

Various instruments and deeds were made out for different departments during the year which have been recorded in the Worcester District Deeds.

Throughout the year, many opinions, some written and some oral, were given to various Departments and Department Heads from time to time. Conferences and consultations were held with state officials in matters affecting the town's interests and, also, attendance at hearings before the Department of Public Utilities was required.

To all Departments, Department Heads, my sincere thanks for the courtesies and co-operation extended to me the past year.

Respectfully submitted,

MICHAEL P. VISCONTI,

Town Counsel.

The scarcity of materials and excessive costs in connection therewith, resulting from the steel shortage, has made the installation of the New Air Whistle impractical if not prohibitive during 1949. It is expected that materials will be more readily available and the cost more within reason during the coming year. This work will be completed as soon as conditions and prices permit.

Respectfully submitted,

JOHN F. ADAMS,

Chief of Fire Department.

Report of the Dog Officer

To the Honorable Board of Selectmen:

The following is my report as Dog Officer for the Town of Milford for the fiscal year ending December 31, 1949.

During the year I have investigated and adjusted dog complaints from all parts of the town.

On July 1, 1949 there were turned over to me 80 unlicensed dogs. After interviewing and notifying the owners all license fees were paid.

During the year of 1949 there were 978 dog licenses issued and 4 kennel licenses issued in the Town of Milford.

Respectfully submitted,

AUSTIN J. DAVOREN,

Dog Officer.

Report of Sealer and Weights and Measures

To the Honorable Board of Selectmen:

I herewith submit my report as Sealer of Weights and Measures for the year ending December 31, 1949.

All places of business in the Town of Milford were visited by me after notifying by public notice, as the Law

requires, that all scales, measures, pumps, etc., would be sealed without fee, if brought to my office.

Respectfully submitted,

DANIEL J. O'BRIEN,
Sealer of Weights and Measures.

Report of the Tree Warden and Gypsy Moth Superintendent

I hereby submit my annual report on the care, removal of trees and brush and the planting of new trees.

During the year I have removed twenty-six trees in various sections of the town, and during the week of April eleventh I bought and planted forty new trees.

Brush was removed from most of the back roads as far as the appropriation lasted.

On April eighteenth and nineteenth I sprayed for the Spring Tent Caterpillar. The week of May twenty-third I completed the first spraying program and as usual I had a barrier zone sprayed by airplane in the outlying districts. On July fifteenth and sixteenth I sprayed for Fall Webworm and Elmleaf Beetle as far as the appropriation allowed.

I have been out scouting with the state crew several times this last summer and am happy to report that as yet we have not found any elm trees with the Dutch Elm disease. We have been very fortunate in this respect as trees with the Dutch Elm disease have been found in the nearby towns of Hopkinton, Holliston, Ashland and Framingham.

At this time I wish to thank the various departments for their cooperation during the past year.

Respectfully submitted,

MATTHEW P. ANDREANO,
Tree Warden and Gypsy Moth Supt.

Report of the Inspector of Wires

January 5, 1950

To the Honorable Board of Selectmen:

The following report on inspection of wiring for the past year is respectfully submitted.

Inspection has been very much increased with the number of new houses being built.

There has also been a great deal of remodeling of business establishments.

I have noticed, on my inspections, that bad wiring, especially in old houses, has been greatly improved.

According to a ruling in the Electrical Code, installation of oil burners and stokers must be inspected. I urge that installers of burners comply with the law.

Respectfully submitted,

MATTHEW N. NIRO,

Inspector of Wires.

Report of the Board of Health

To the Honorable Board of Selectmen and the Citizens of the Town of Milford:

The Board of Health respectfully submits the following report for the year ending December 31, 1949.

ORGANIZATION AND APPOINTMENTS

The Board organized for the year on March 8, 1949, with Dr. Nicholas J. Capece again the Chairman and Frank Calzone and Harris Tredeau the other two members. The following appointments were made: Clerk and Agent, Louis A. Marino; Physician, Dr. John R. Cicchetti; Dentist, Dr. John A. Cleary; Nurse, Alice Fitzpatrick; Plumbing Inspector, Charles J. Ferrante and John F. Power, additional Inspector; Burial Agent, Oscar Ayotte; Meat and Slaughtering Inspector, Jeremiah Macchi; Person to Receive and Report Contagious Diseases, Louis A. Marino.

Twenty-four regular meetings, three special meetings and several conferences were held during the year.

PORTABLE BABY INCUBATOR

A Portable Baby Incubator was procured for emergency transportation to a Hospital Center for the care of Premature Infants with equipment and routines approved by the Massachusetts Department of Public Health.

TRAINING COURSE FOR FOODHANDLERS

The annual Foodhandlers' training course was conducted in March under the supervision of Theodore Shepardson, District Sanitary Officer of the Department of Public Health.

Lectures were given, motion pictures shown and demonstrations made in proper methods in sanitation and cleanliness. Practically every Eating and Drinking establishment was represented at these classes.

CLEAN-UP CAMPAIGN

The Board co-operated with the Highway Department in the Clean-Up program. A publicity campaign was conducted through the newspaper and posters were distributed throughout the business area.

ANTI-RABIC CLINIC

An Anti-Rabic Clinic was conducted in July with Dr. Joseph Fabbriotti in charge.

105 dogs were inoculated for rabies. A tag denoting that the dog was inoculated was given to each owner and a receipt.

GARBAGE CONTRACT

The contract for the collection of garbage was awarded to the present collector for one year for \$1800.

ADDITION TO PLUMBING REGULATIONS

The Board adopted an addition to the Drainage System under Plumbing Rules and Regulations permitting the use of copper tubing.

DEATH OF DR. JOHN A. CLEARY

The Board of Health has sustained a loss through the untimely death of Dr. John A. Cleary on September 7, 1949, that leaves us with a feeling of sincere sorrow and deep appreciation for his splendid efforts in maintaining the high standards of our Dental Clinic.

During the three years as a school dentist he was a conscientious and faithful worker, efficient, capable and loyal public servant, loved and respected by all those with whom he came in contact in his professional and civic life.

We extend our sincere sympathy to his family.

Honorable Board of Selectmen:

I hereby submit my report as Animal Inspector for the Town of Milford for 1949.

There were thirty cases of dog bites for 1949, all dogs involved were quarantined and observed as required by law, no cases of Rabies occurred. I would like to inform all owners, breeders and handlers of dogs that it is required by law that a dog that has bitten anyone be immediately quarantined and observed for a period of fourteen days and that no one is allowed to destroy the animal during the quarantine.

The annual livestock and barn inspection for 1949 has been completed and 135 Cows, 40 Heifers, 4 Bulls, 12 Goats, 200 Swine, and 20 Horses were inspected and found to be free of any contagious or infectious diseases. The premises where the animals were stabled were inspected and all found to be satisfactory.

In conclusion I wish to thank the Townspeople for their co-operation and good will.

Respectfully submitted,

JOSEPH C. FABBRICOTTI, D.V.M

Animal Inspector.

Report of the Board of Sewer Commissioners 1949

To the Citizens of Milford:

We respectfully submit herewith our report on operation, maintenance and construction work of the sewerage facilities of the Town.

Collecting System

During the year 38 connections by particular sewers were made to the system, bringing the total of connected estate to 2144. Our system now contains 28.89 miles of sewers, which includes the following extensions constructed this year:

Alteri Court	225 feet
West Maple Street	258 feet

The extension on West Maple Street serves the new housing development.

Bids were received on these extensions on May 3, 1949 from 13 sewer contractors, the work being awarded to the low bidder, Rosa and Todisco Construction Co., who successfully completed the work June 3, 1949.

Flushing of the sewers was accomplished to the extent of available appropriation.

Pumping Station

Work on installation of new screens and pumping equipment at the Charles Street Pumping Station started in 1948, was completed in March 1949.

Treatment Plant

A motor driven comminutor has been installed at the entrance screen chamber of the treatment works

and it is expected that this will result in much improved operation of the plant by its continuous action in cutting up screenings which have previously been the source of considerable trouble and nuisance in the Imhoff tanks and the main sewer. A small amount of other repair work was accomplished within the limited appropriation—but a considerable amount of deferred maintenance repairs remain to be accomplished as funds are made available.

While treatment plant operation has continued in a routine manner, there have arisen numerous complaints of odors from householders situated southerly from the plant. These complaints resulted in an investigation by the State Department of Health and a letter to the Board from the State Department of Health stating that offensive odors from the plant were such as to cause a nuisance and create objectionable conditions in the neighborhood, and their request that action be taken to remedy the conditions.

The Board has retained the services of Haley and Ward, Engineers, to study the situation, and the results will be presented to the Town by the Board, at an early date.

A considerable amount of repairs have been done on manholes and main sewer lines in various streets throughout the town.

WELFARE PHYSICIAN'S REPORT

The Board of Welfare, Mr. Dugan, Mr. Ahearn, and their staff, merit both gratitude and congratulations for their enthusiasm and cooperation during 1949.

The Town Infirmary was as usual a credit to the town due to the unceasing efforts of Mr. and Mrs. Ebbeling, our very capable custodians.

As Town Physician, I made 118 house calls and had 79 office visits. These were in addition to routine weekly visits to the Infirmary and emergency calls to the Infirmary.

Respectfully submitted,

FRANK D. BERRY, M.D.

The Welfare Department employs the following: Agent, Social Worker, Senior Clerk, Junior Clerk at the office, a Superintendent, Matron, and two helpers at the Infirmary, and a Welfare Physician.

Respectfully submitted,

HENRY J. PILLARELLA,

Chairman

FRANCIS L. KIRBY

Report of the Department of Veterans' Services

To the Honorable Board of Selectmen
and Voters of Milford:

I herewith submit my annual report for the year 1949 and wish to state that the number of applicants for

and recipients of veterans' benefits has increased greatly over that of the previous year and at this writing, continues to increase, thus necessitating greater expenditures. Two of the major causes for the increase have been unemployment and illness. Also increasing, is the number of veterans and veterans' dependents seeking information, advice and assistance for benefits allowed veterans and their dependents by the Veterans Administration and other Governmental and State Departments and Agencies. The services rendered by this department are available to all veterans or veterans' dependents of all wars and as Director of this Department, I have received great pleasure in the task of aiding those who have requested assistance on their particular problem from this office.

I wish to take this opportunity to thank the Board of Selectmen for their cooperation and confidence in me to perform the duties necessary for the proper functioning of this Office and to all agencies and persons who have kindly assisted me this past year.

Report of Veterans' Benefits Department:

CLASS ODE

Tune: When Day Is Done

In dreams we'll oft come back to you, dear Milford High!
 Those memories will linger as the days go by.
 Dear classmates and teachers, 'though we must say good-
 bye,
 Our thoughts will return here as to succeed we bravely
 try.
 As we go on our varied ways to duties new,
 We'll think of you, and your wise words we'll heed.
 We'll always give the credit for success to you:
 "Today we follow, tomorrow we lead."

This night will e'er bring memories back to our mind,
 And when it's o'er, our hearts will be refilled with joy,
 That yearning for learning, to feel your guidance kind,
 The passing of years can never in our hearts destroy.
 The time has come when we must leave your loving arms
 And meet life's trials, remembering your creed,
 Which always will protect us from the world's alarms:
 "Today we follow, tomorrow we lead."

REPORT OF THE SUPERINTENDENT OF SCHOOLS TO THE SCHOOL COMMITTEE AND THE CITIZENS OF THE TOWN OF MILFORD

Herewith is respectfully submitted the seventy-first annual report of the School Department and my third as Superintendent of Schools.

For purpose of organization this report is divided into three divisions, namely Program, Plant, and Personnel.

Program

Committees of teachers and supervisors are constantly engaged in the study and evaluation of the courses of

study in the various grade areas. As an outgrowth of this work, the curriculum is kept up to date by additions, modifications, and revisions.

Driver Training:

During the past year a course was introduced at the High School level which enables students to receive "Behind the Wheel" Driver Instruction.

The course began on November 1, 1949 and it was made possible chiefly through the generosity and kindly interest of Elmer C. Nelson of Nelson Motor Co., who gave to our school for the sum of one dollar, a 1950 model four-door Buick Sedan. This car is equipped with dual controls which enables the instructor to regulate the operation of the vehicle during the instruction and training of the student.

This course is available to any student in the High School who has attained the age of 16 years and who has completed satisfactorily the requirements of the Pre-Driver Training Course offered at the school.

Instructors of this new course are J. Francis Cahill, Arthur E. Vesperi and J. Gerard Sweeney, all of whom are qualified graduates of a Driver Training and Driver Education course sponsored jointly by Northeastern University and the Registrar of Motor Vehicles, Mr. Rudolph F. King.

Character Education:

Another product of a teacher committee is an outline entitled "Ideals for Citizenship" which has been adopted in all grades during this school year.

The objective of the outline is to develop high ideals and nobility of character in our pupils.

Although the school does not assume full responsibility for the development and improvement of character in our youth, we do believe that it is desirable that the

schools have a well integrated program which will complement the home, the parent, the church and other similar agencies in the improvement of the moral fiber of the future citizens of our Community.

Cumulative Record:

In order to have a complete history of the growth of our children a new record card has been developed and will be put into effect early next year. The background study and investigation connected with this revised record form was accomplished by a committee of teachers this year and consequently mention of this matter is made in this report for the year 1949.

It is proposed to have the full data concerning each child's mental, academic, social, emotional, and physical growth recorded on this form thus providing a complete picture to the teachers and supervisors in their dealings with the individual child.

Report Cards:

During the year a committee of teachers continued to study report card trends and usage in numerous school systems. After a very comprehensive survey, considerable search of literature, conferences with teachers and parents, the committee recommended new report cards for three different grade levels.

These reports were adopted in the intermediate grades (4—6), and in the Pre-Primary and Primary Grades (1—3) report cards were introduced for the first time in the history of our system.

Since revisions were effected previously (1948) in the junior and senior high schools, we are confident that our report card situation has been brought into line with those of other outstanding school systems.

Hearing Tests:

In accordance with recommendations made last year, the School Committee approved the purchase and installation of an Audiometer. This equipment now enables the school nurse to give a scientifically accurate and valid hearing test to every child in our schools. The value of this equipment lies in the fact that the teacher is now provided with accurate information concerning the hearing ability of each child. It also serves to detect, at an early point, deficiencies which impede learning, develop into conditions of permanent hearing loss and possible harmful effect on the personality of the child.

Mental and Achievement Testing:

During the coming year it is proposed to introduce a series of tests that will measure the mental capacity and the achievement of every pupil in the school system.

The tests proposed will be diagnostic in nature, thus serving as an aid to teachers in positively determining the strengths and weaknesses of the various pupils. Fortified with such knowledge the teachers will then be in a better position to deal with individual pupils, particularly in cases where remedial and corrective work is indicated.

To some extent this type of testing has been in force at the Stacy Junior High and at the Senior High School this year. However, it is proposed to expand the program next year so that every child will receive annually a test of mental capacity as well as a diagnostic achievement test in the fields of Reading, Arithmetic, and Language Arts.

Remedial Reading:

As an outgrowth of the testing program mentioned above, it is expected that teachers will concentrate on the correction of reading weaknesses and difficulties to a greater degree in the future.

As the results of the testing program are observed it may be indicated that a specialist in Remedial Reading should be added to the teaching force. If such a requirement presents itself, I am certain that the School Committee will be so informed and I trust sincerely that they will take necessary steps to meet the requirement if it arises.

Adult Civic Education:

The School Committee has made provision in the 1950 budget for the opening of a class in Adult Education. In spite of the advances of education there are people in our Community today who cannot read well enough to qualify for a driver's license and other positions of advancement in industry and vocations. Certain of our people need assistance in gaining citizenship. All of these people could be assisted greatly by having made available to them a part time course in Adult Civic Education. I recommend strongly that such a course be established next year in our school system.

Professional Improvement:

It pleases me greatly to report that during the past year forty-one of our teachers participated in courses at Schools of Education for the purpose of self improvement.

During the early part of last year a Harvard-Boston University Extension course was conducted in Milford. This course entitled "Measurement and Evaluation in Education" was very capably presented by Dr. William C. Kvaraceus of Boston University. Numerous teachers enrolled in the course and I am glad to report that we now have a corps of teachers which has in the main a common philosophy on the subject of Measurement and Testing. I believe that as a result of the study and work accomplished with Dr. Kvaraceus we are well prepared to launch the testing program mentioned previously in this report.

Parent Teacher Association:

During this year certain parents and teachers displayed an interest in the development of Parent Teacher Associations in our several schools. After preliminary meetings and conferences two associations have been formed to date and there is some indication that other schools in the town will have similar organizations in the near future.

It appears that the two associations which have been formed have made very sound and substantial beginnings. The Park P. T. A. embraces parents and teachers of pupils in the Park, Spruce schools and the High School Pre-Primary class. The South P. T. A. serves the parents and teachers of pupils in the Oliver, South, and Chapin Street Schools.

The school department is highly pleased by the display of parental interest in school children. It is the policy of the department to cooperate completely with parents who are so interested and it is hoped that such interest increases and flourishes to the end that our children's development is enhanced.

Open House:

Last year for the first time in the history of the schools National Education Week was observed by conducting open house at every school in the system. Parents were invited as well as the public and programs were arranged which enabled the visitors to observe the activities of the various classes.

Art and Music:

In both of these areas numerous activities were conducted which had a close tie in with the various community and civic activities which took place throughout the year.

The Art Department assisted with Safety programs, posters for scholarship activities, Town Report headings, exhibits for the Women's Club, and painting of the candy canes and other materials used to decorate the shopping area during the Christmas season.

Likewise in the music area cooperation was extended to various community agencies and business groups in carol singing and instrumental playing for shut-ins.

In the vocal music field the Stacy Junior High revived their Spring Concert which proved highly successful and was enjoyed by the participating children as well as the large audience.

Plans are being formulated at present to conduct a Spring Music Festival here in Milford next May. This activity will embrace both vocal and instrumental music and it is believed that the townspeople will be treated to an unusual spectacle when the festival is here in Milford next spring.

The Milford High School Band was equipped with new uniforms through money raised from subscription in the town late last year. The Band has participated in numerous community and civic functions such as parades, concerts, and carol playing at Christmas. During the past year the Band has been given particularly high commendation by many people and the Director and the members of the Band may feel justly proud of the splendid organization that they have built themselves into.

It appears that the instrumental work which is begun at the Stacy School and carried on throughout the High School has justified itself in producing some excellent young musicians and we propose to continue with the conduct of these classes throughout the future years.

Plant

In accordance with plans formulated early last year by the School Committee, considerable improvements

were made to school property. It was considered that everything undertaken was of a necessary nature in order to maintain the buildings and grounds in usable condition.

Much more attention must be given to the matter of maintenance and repair of plant facilities and it is the intention of the School Committee to continue the improvement of property as a basic principle of good sound business.

The following is a listing of the various repairs and improvements accomplished this year:

Floors in the High, Stacy, Chapin, Park, South, West and Plains schools were refinished and sealed. This work was done with the new floor equipment purchased this year.

New chain link fences were erected on the east side of the Stacy School and the south side of the Plains school.

Exterior doors at the Stacy and High School were painted. The entire exterior trim at the Spruce School was painted and the interior of the Park School was completely redecorated. At the Park School pastel colors were used and the old blackboards were painted green in order to reduce the light absorption and consequently increase the brightness in the classrooms.

The exterior of the Chapin Street School was painted and part of the interior of the West Street School was painted in order to make the building available for use last September.

In the High School an improved cafeteria has been installed and this additional facility shall be in operation shortly after the first of next year.

In order to establish the cafeteria it has been necessary to move lockers, redecorate three rooms, install new flooring, paint corridor floors, break through a wall, in-

stall improved lighting and connect water, gas, electricity, and sewerage for sinks, stoves, dishwater, refrigerator, and other equipment necessary to the operation of a modern cafeteria.

Most of the equipment to be used has been obtained either from grants by the Community School Lunch Program or by purchase from profits accumulated in the old cafeteria over a period of several years.

As a result of the planning and effort expended this year it appears that the pupils of the High, Junior High, Spruce, and Park Schools will be provided with the facilities of a hot lunch program for years to come.

In the Stacy Junior High building a new set of anti-slip stair treads has been installed on the 42 steps leading from the basement to the top floor on the boys' (west) side of the building.

The slate roof on the Spruce Street School was repaired with new open copper valleys being installed to replace the closed type valleys where leaks had been occurring.

At both the South and Plains Schools, a spare classroom was converted into a gymnasium, by removing desks and chairs, sanding the floors, installing wire guards on windows, erecting backboards and baskets and raising the light fixtures. These rooms together with the Lynch Auditorium are used for Physical Education classes in grades four, five, and six.

At the Plains School the play yard on the northeast side of the building was shaped up, graded and a large dry well installed to drain the area. Then a hard surface was installed making a wonderful play yard for the children of the school and neighborhood. Mr. Edward C. Carroll, Highway Surveyor, and his department aided us tremendously with this project and his assistance and cooperation are appreciated sincerely in the school department.

A new cement walk on the front or south side of the Plains School was installed and two grass plots were seeded between the new walk and the building. Now access to the building is improved and the appearance of the site has been enhanced as well.

At the Oliver Street School a new walk was installed on the north and east side of the building replacing the old walk which was broken and presented a hazardous and unsightly situation.

A new asphalt shingle roof together with gutters and down spouts were installed at the Park School replacing the wooden roof which was leaking and in a bad state of repair.

At the Chapin Street School, in addition to the painting mentioned previously, a new metallic roof was installed over the boiler room entrance, gutters were replaced and dry wells dug to provide for drainage of water from the roof the building.

The West Street School was repaired last September and in order to make it available for occupancy, new walks were installed, the lawn loamed and seeded, floors scrubbed and sealed and the heating and plumbing systems reconditioned.

The foregoing constitutes a rough statement of the major work accomplished at the various school sites during the year 1949. Many minor items of repair and routine maintenance accomplished by our custodial force are omitted from this report for the sake of economy of space.

As stated in previous reports the maintenance, repair and modernization of the various school properties is a tremendous task. Everything cannot be done at once. I believe that it will take another three or four years to put your school property into a reasonably good, safe and modern condition.

It appears to me that common sense and sound business principles dictate the wisdom of proper attention to the maintenance and repair of school property. I propose to continually devote myself to the task of putting the school property in the best possible condition to the greater end that the learning process may proceed in a wholesome, healthy, and uplifting physical environment.

Personnel

Retirement:

Miss Rose E. Keaney, teacher of Grade I at the Plains School retired from her duties in June of this year. Miss Keaney devoted many years of her life to the service of the children of our community. She was an outstanding teacher who contributed greatly to the growth and development of her pupils.

We trust that Miss Keaney will enjoy an abundance of blessings, good health and happiness for many, many years to come.

Resignation:

Miss Gertrude E. Moran resigned her position as teacher of Grade I at the Claflin School to become Mrs. Robert Christiansen.

We join with her host of friends in the department in wishing her a very happy wedded life.

New Appointments:

Mr. Lawrence H. Catusi was appointed to the faculty of the George E. Stacy Junior High School as a teacher of Grade VII.

Miss Elizabeth Rooney was appointed to the faculty of the Plains School as a teacher of Grade I.

Mrs. Helen Enman was appointed to the position of Director of Cafeteria at the Milford High School.

Transfers :

Miss Evelyn Beckett from Chapin Grade 2 to Claflin Grade 1.

Miss Anna M. Heroux from Park Grade 5 to Oliver Grade 2.

Miss Mary F. Lynch at the Plains from Grade 5 to Grade 3.

Mrs. Helen Maxfield from South Grade 5 to Park Grade 5.

Miss Irene Meighan from Plains—Principal and Grade 3 to South as Principal and Grade 5.

Miss Eva Realini at the Plains from Grade 6 to Grade 5.

Miss Joan Smith from Stacy Grade 7 to South Grammar Grade 6.

Miss Gertrude A. Wallace from South—Principal and Grade 6 to Plains as Principal and Grade 6.

Miss Flora M. Youngson from Oliver Grade 2 to

Gifts

An electric score board for use at basketball games was presented to the Milford High School by the members of the Class of 1924.

An upright piano was presented to the Purchase Street School by Mrs. Joseph Shaughnessy.

The department gratefully acknowledges these helpful donations and we are deeply indebted to our benefactors for their generosity.

Respectfully submitted,

DAVID I. DAVOREN,
Superintendent of Schools.

Report of the Milford Town Library

The Trustees of the Milford Town Library submit the following report for the year 1949.

The facilities of the Library have been increased during the past year with the addition and replacement of reference facilities and the purchase of books suitable for general circulation. It is the hope of the Trustees that this policy can continue to bring the needed increase of volumes and service to a standard suitable for a community with the Library demands consistent with a town of Milford's population size.

Mr. Henry J. Pyne was elected Librarian Dec. 8, 1949 and assumed his duties Dec. 27, 1949. Mr. Pyne's report presents a detailed appraisal of the Library facilities and use and has practical and progressive suggestions for Library improvement.

The Trustees express their appreciation to the members of the staff, Miss Cecilia Wallace, Mrs. Alice Morgan and Mrs. Grace Rooney for cooperative assistance and interest during the past year.

CIRCULATION

Number of days open	292
Circulation for 1948	37,426
Circulation for 1949	39,725
Gain for 1949	2,299
Highest daily circulation	265
Lowest daily circulation	53
Average daily circulation	136.04
Delinquent notices	455
New Registrations	299
Total Registration	6,491

The Periodical and Reference Room under the supervision of Miss Cecelia Wallace had an attendance record of 5,464 and a magazine circulation of 5,999.

There can be found in the Reading Room a magazine list that we feel will satisfy the interests of all ages and of varied interests and backgrounds.

Number of books per catalogue 1949	24,051
Number of books added during 1949	776
Number of books withdrawn during 1949	336
Collection of fines paid Town Treasurer, 1949	\$246.60

We would like to see the Library more widely accepted by the people of Milford as an active influence in the Community. In the coming year, by means of a closer liaison with the school system, a developed and expanded program devoted to the smaller age groups, we hope to exert this influence. The establishing of the Dewey Decimal System and the Modified Newark Charging System would be the high point in the progress of your Library service.

Report of the Milford Athletic Field Committee

To the Voters of Milford:

We told you, in the March Town Meeting, that we would complete the planned construction of Fino Field during 1949. This has been done and we feel that our field is now adequate and satisfactory for the baseball and football needs of Milford.

Trend of sports events is generally toward evening and night games, and our records clearly show that the Milford public favors such timing.

Most of the Blackstone Valley League games of 1949 were played under lights. In our case these were portable lights which were inadequate but as good as could be procured in a movable system.

Lighting of sports events is, in our opinion, a function of the organization sponsoring those events because it is solely for their convenience and profit. For this reason we do not favor town financed lighting.

We expect to offer, at the Town Meeting of 1950, a plan for adequate Fino Field lighting to be financed by a Town of Milford bond issue. This bond issue to be so set up that it would retire one bond each year for 10 years, out of the proceeds of night sports events.

Under our program, and with expected patronage, the cost of the lighting system, its operation and the operation of Fino Field would never be charged into any tax levy except to the extent that money had been received by the Town Treasurer from field earnings.

Fino Field Annex continues to be a much used and very satisfactory project.

Soft-ball competition is very keen and many games are played here each week. It is also extensively used for football, both for practice and for J. V. games.

Sabotage or rowdyism has been almost non-existent and we greatly appreciate the co-operation of the users of both of our field facilities.

The Fino Field Parking Area has developed into an ideal, and much used, auto driving training area both for the High School classes and for the public use.

We appreciate, and desire to publicly thank, the Fire Department, Highway Department, Police Department,

the Selectmen and the various athletic organizations for their assistance and advice without which our job would be very much harder.

W. E. CORBETT, Chairman,
BATISTA VITALINI, Secretary.

Christmas Town Lighting for 1949

Honorable Board of Selectmen,
Milford, Massachusetts.

Gentlemen:

We respectfully submit our report of the expenditures and results for the Christmas Town Lighting for 1949.

Special mention should be made of the outstanding job performed by the Mercantile Bureau Chairman, Mr. Edwin F. Lilley, Jr., and his committee.

The amount of \$1,000.00 was appropriated at the March Town Meeting.

Your committee awarded the contract to the lowest bidder, the Rubenstein Electrical Supply Co., in the amount of \$950.00. An additional expenditure of \$15.00 was necessary for the removal and re-installation of one string of lights due to the erection of a 22 ft. sign by the new Gloria Chain Store.

We feel that this expenditure is warranted by the fact that Milford was one of the best lighted and decorated towns in the State of Massachusetts.

Report of the Town Forest Committee

In our report of last year we dwelt on what had been accomplished with the \$300.00 appropriated. It consisted of time and expense in definitely determining the land bounds of the Town Forest. With information thus ob-

tained and a similar appropriation of \$300.00, we have this year spent the money in cleaning and clearing grown-up wood roads on the forest land. With this meager amount, we were able to clear and trim about two miles of these old paths or roads.

We strongly recommend the continuance of this work, adding a little each year, thereby making additional territory for picnic parties, and development for increased public use of this town-owned woodland.

Town Forests have long been recommended by public officials. Two of the most recent highly regarded officials being Ex-President Franklin D. Roosevelt, and our present governor, Paul E. Dever.

Nature has given Milford a natural, beautiful lay-out for a town forest, and without any undue expense, by doing a little work each year, this land can be improved, so that in the near future we will all be pleased and surprised with what has been accomplished in the growth of our Town Forest, and the benefits it offers all our citizens.

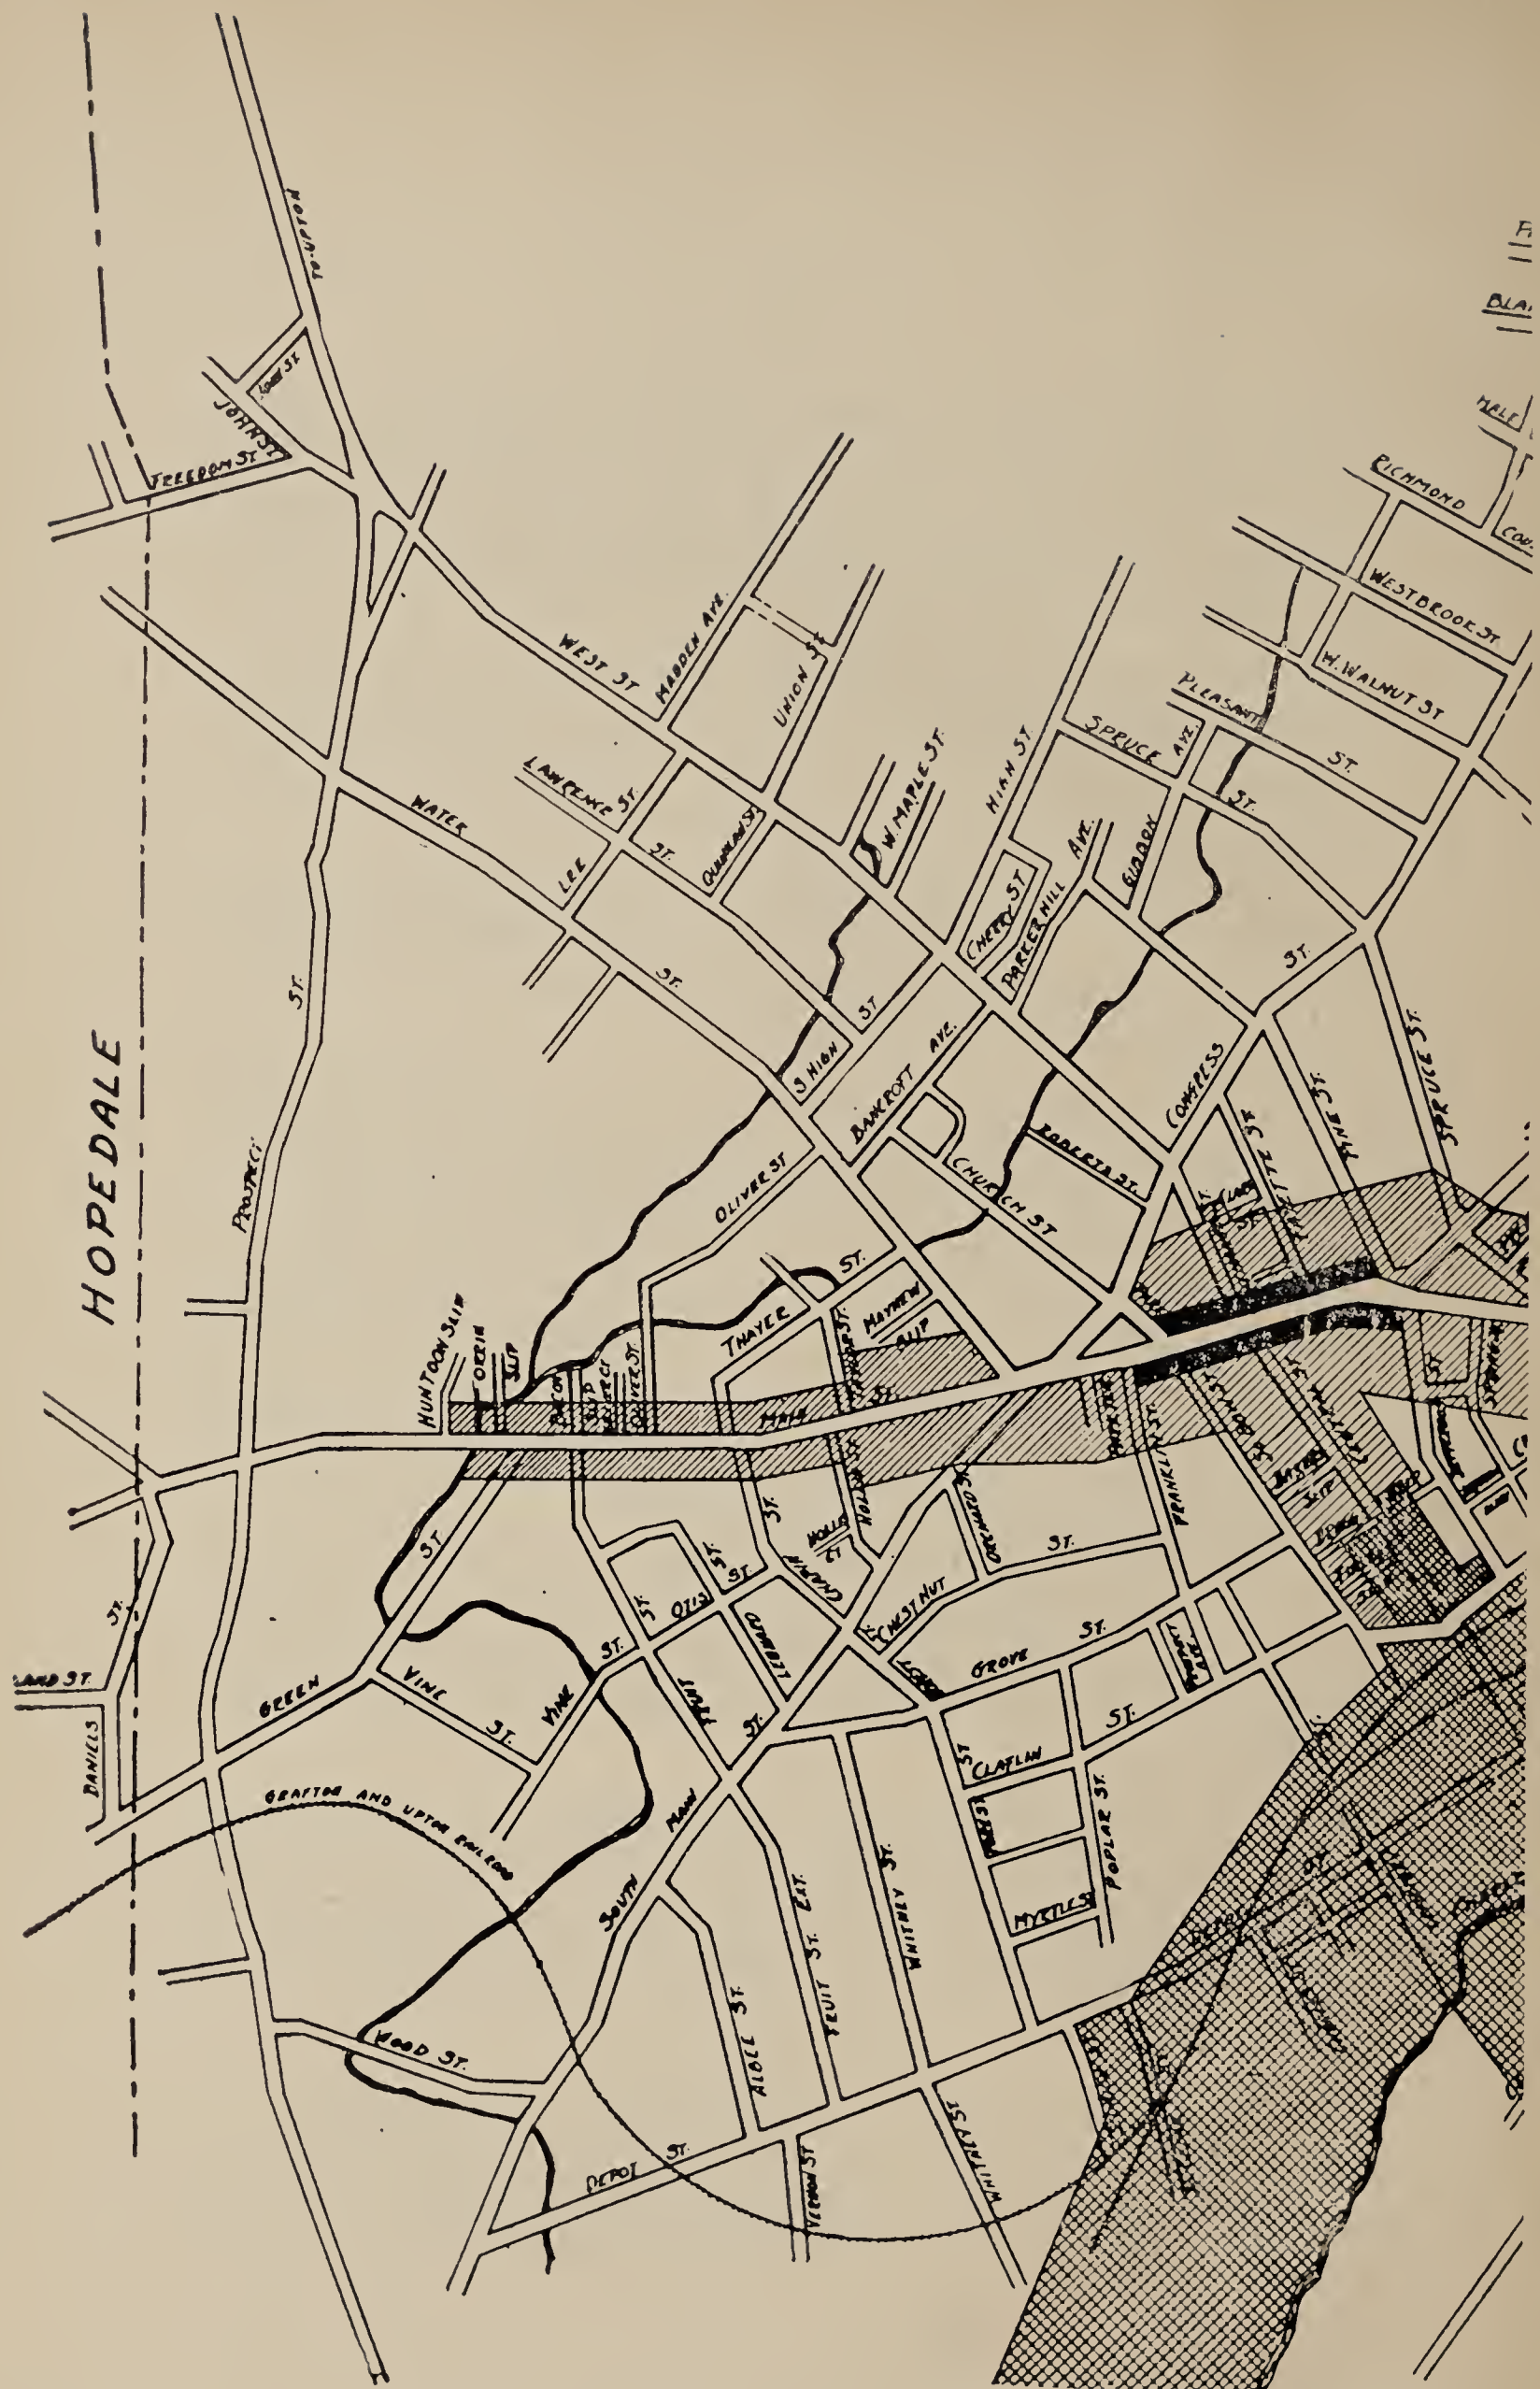

In the work thus far done, we have relieved to a great extent the possibility of disastrous forest fires by opening roads to admit fire apparatus.

Then too we know of the present endeavors of several fraternal and social societies who are sponsoring troupes of Boy Scouts. Our Town Forest offers such organizations the best possible opportunities for advancement of scout-work.

For these reasons and many others we recommend the continued advancement of the development of our Town Forest, and urge favorable action on the Article in the Town Warrant for the appropriation of \$300.00 for general expenses of the Town Forest Committee.

Respectfully submitted,

MATTHEW P. ANDREANO,
L. BLAINE LIBBEY,
CYRIL F. KELLETT.

Report of the Planning Board

To the Citizens of the Town of Milford:

The Board recommends that the necessary appropriation be made to carry and enforce construction regulations in regards to building construction in the Town of Milford.

The past year Robert W. Holbrook, Chairman of the Board, and very active in town recommendations resigned to re-enter the U. S. Army.

The present board again recommends the purchase of adequate radio equipment for use in Police, Fire, and Highway Departments vehicles.

Various discussions in regards to additional parking areas were held during the year.

The Planning Board for 1949 consisted of Robert W. Holbrook, Chairman, resigned; Sidney Solomon, Robert A. Grillo, and Robert V. Shea.

Respectfully submitted,

THE PLANNING BOARD,

MICHAEL D. IANZITO,

Secretary and Acting Chairman.

Report of the Milford Housing Authority

Under Chapter 200 of the Acts of 1948 authority was given for the construction of rental housing by local housing authorities whose notes and bonds are guaranteed by the Commonwealth and the receipt from the Commonwealth of an annual subsidy. Preference in tenancy is given to the low income veterans of World War II with a secondary preference to low income veterans of any other war. Occupancy is restricted exclusively to veterans.

In line with this legislation, the Town of Milford at a special Town meeting on June 24, 1948 voted "That the Town in cognizance of the acute shortage of housing establish and organize a Housing Authority in accordance with General Laws (Ter. Ed.) Chapter 121, and amendments thereto." (Chapter 200 of the Acts of 1948).

At a special meeting of the Board of Selectmen the next day, June 25, 1948, the following were appointed to the first Milford Housing Authority: Pasquale Tusoni, Fred W. Clarridge, William F. Broderick and James R. Crivello. On June 29, 1948, the Board of Selectmen accepted the resignation of Fred W. Clarridge and unanimously appointed James E. Birmingham to succeed him. On July 12, 1948, Laurence S. Jaques was appointed by the State Housing Board. On July 22, 1948 the Certificate of Organization was received, the Milford Housing Authority proceeded to organize and appointed Laurence S. Jaques as its Chairman, J. Frank Cahill, Executive Director and Attorney William P. DiVitto, counsel for the Authority. At a later meeting Mrs. Mary F. Introini was appointed as Clerk and Special Investigator. At the March 1949 election, the following were elected to the Milford Housing Authority: James E. Birmingham, William F. Broderick, James R. Crivello and James E. Kellett. On December 6, 1949, Mr. Jaques resigned and the State

Housing Board on December 16, 1949 appointed William F. Fitzpatrick to succeed him.

On June 1, 1949 the project for Milford was approved and the contract for the construction of 45 units was awarded to the lowest bidder, The Wexler Construction Company of Brookline, Massachusetts, for the sum of \$417,671.27. On June 8, 1949 commenced one of Milford's greatest construction development in its history with Wendell T. Phillips as Architect.

The first 22 units were occupied on December 19, 1949 and on December 31, 1949, 33 tenants were in occupancy. Charles T. Costigan was appointed Project Administrator on December 15, 1949.

Project 200-1A for the construction of 24 additional units was approved on October 26, 1949 and the lowest bidder, The Wexler Construction Company of Brookline, Massachusetts, was awarded the contract for the sum of \$227,400.00. Work on this project was commenced on November 1, 1949. It is expected that the entire project of 69 units will be completed about June 1, 1950.

The Milford Housing Authority wishes to acknowledge the assistance and cooperation it has received from the Board of Selectmen and other officials of the Town of Milford, and to especially acknowledge the valuable services which were rendered by Laurence S. Jaques and Pasquale Tusoni while they served as members of the Authority.
